/ This is an applica-

cation for raising the  
m<sup>l</sup> grant - in - aid to  
the Dalavoe Anglo Sanskrit  
School, from Rs 12 to Rs 35 1/2  
and for giving fresh grant  
in - aid to Kannada School  
at Bara Lined and ~~Hooda~~  
Hindustani School at Ban  
Pudarkere at Rs 4 and

2 The Standing School  
Committee recommends all  
the 3 items with the pro-  
viso that the management  
of the Dalavoe School should  
be left in the hands of a  
Committee of 5 members of whom  
2 should be M<sup>l</sup> Commissioners

at Mysore

3 The President, however,  
agrees with the Head  
master of the said school  
that, as it is being managed  
in a satisfactory manner,  
and that as the Mr. Lomax;  
the members of the Standing  
School Committee, and the  
Inspector Genl of Education  
and the Dy. Inspector have  
been occasionally inspecting  
the school, and it is not  
"advisable to hamper the  
Head master by the appoint-  
ment of a superfluous  
Committee" and solicits ~~sanction~~  
for unconditional sanction

commendation

8 Enquiry having accord-  
ingly been made in this office  
(50) docket no 3031 of the 19<sup>th</sup>  
17-202-93 August 1901 the President  
states that in the Standing School  
Committee all the Mohallas are  
represented, ~~their~~ duty being to  
advise the Board in Educational  
matters, that they have power  
to inspect any school in the  
City in which the Board is  
interested and that they can  
check the work done and  
accounts kept, and make any  
suggestion they like to the  
Board

9 He further adds that  
there is an Inspector on Rs 45/-  
a month to supervise the work  
done by the several schools  
and that in consequence there  
is no necessity for the appoint-  
ment of another Committee as

~~16~~ 16. The President's report has been received (see letter no 109 & 20 12 02) He submits a copy of letter from Mr Venkatakrishnaaya, President of the Schools Committee, stating that he does not consider the increased grant in-aid of Rs 35/- recommended to the Dalavoe Anglo-Sanskrit School large, considering the useful purpose served by the school, and requests sanction thereto as also to allow a grant in-aid of Rs 30/- per annum to the school for the Deaf & Dumb <sup>Blind</sup> of Rs 4 & Rs 5/- a month to the Kannada school at Barr Lines and the Hindustani school at Pundarikere respectively.

+ Flag C

16 There is a provision of Rs 9000/- under "Education charges" in the current year's budget. The grants in-aid now being paid to schools in the City are stated to amount to Rs 716/- a month or Rs 8592 a year. The President therefore adds that the Board can well pay the grants in-aid proposed above as also Rs 30/- a month to the Deaf & Dumb Institution in the City recommended in his letter no 1023 & 25<sup>th</sup> June '02 out of the balance of Rs 4000 if sanction

should be accorded with effect from the 1st  
January 1903

for the remaining 6 months of the current year

The Secretary to the Government  
of Mysore  
General and Revenue Dept<sup>s</sup>

Sir,

I have the honor to state that one Mr Krishna Rao, has opened an English school by the name of Dalavoi Anglo Sanskrit School in Krishnaraj Mohalla of the Mysore City. He himself being the head master has managed the institution very satisfactorily. The Educational Department give him a grant-in-aid of Rs 40/- a month, but the Municipality gives him only Rs 12/- a month. The head master has been applying for an increase of the Municipal grant for a long time past and at last the Board have approved of the proposal of the Standing School Committee which recommended that the present grant of Rs 12/- may be raised to Rs 35/- a month, provided that the school is

5  
is placed under the management  
of 5 members of whom, 3 should  
be Municipal Commissioners. A  
copy of this resolution with the copy  
of School Committee's report is herewith  
submitted for reference.

The Head Master is not in  
favour of the proposed Committee  
and has addressed a letter to you  
through me and the same is herewith  
submitted. As stated in the  
letter, I also think that no separate  
Committee is necessary for its manage-  
ment as it is being regularly in-  
spected annually, half yearly and  
monthly, by the Inspector General of  
Education Deputy Inspector of Edu-  
cation and the Municipal Inspector,  
respectively. Municipal Commis-  
sioners as well as the members of  
the Standing School Committee have  
also been occasionally inspecting the  
school, and one and all have given  
very good accounts of the school and  
its usefulness.

In the case of other

Canada School in the Barris lines  
Rs 4/- a month  
Hindustani School Pandarthi Rs 5/-

other schools in <sup>4</sup>the City, Committees  
were formed <sup>only</sup> when any irregu-  
larities, were found out, but in the  
present case the originator himself  
takes great interest in the advance-  
ment of the School and therefore it is  
not advisable to hamper the Head  
Master by the appointment of a Super-  
fluous Committee

Under these circumstances,  
I beg to recommend that the increased  
grant-in aid of Rs 35/- per annum may  
be sanctioned unconditionally

The grant proposed in the  
report for the marginally noted <sup>1</sup>real  
schools may also be sanctioned

I request you will be good  
enough to obtain the early orders of  
Government on the above recommendation  
The Extra cost will be met from the 'Educational  
grants'

I have the honor to be,

Yours most obedient Servant

Respected Sir,

I the undersigned K. Venkama Rao, Head Master, Dalroy's Anglo-Sanskrit School, Mysore, most humbly and respectfully beg to enclose, herewith, a copy of the Vice President's docket-No 677 dated 10<sup>th</sup> April 1901 informing that, on my application for an additional aid to the said school, the Board were good enough to raise the present grant of Rs 12/- to Rs 35/- provided that the school is placed under the management of a Committee of 5 members of whom 3 should be Municipal Commissioners, and to be permitted to say that I founded the school, secured it a Municipal grant of Rs 12/-, a Provincial Grant—

grant of Rs 25/- which, of late was raised to Rs 40/-, and made the Institution eligible for an additional Municipal grant of Rs 23/- as above. Further, I pay my assistant masters first, and then see if anything is left to pay me. In fact, all the charges have been regularly paid while Rs 145/- of my pay are now in arrears. Moreover there are particular hours for my assistants to work, while my working hours count from morning to night.

I often applied for an additional Municipal grant, but the Board were busy elsewhere to look into my necessities and claims. At last, I cut off a part of my own pay and gave promotions to some of my assistants. The income of the school is rather small and yet I have continued to give it the necessary furniture. Long ago, the Institution was raised to a Middle School, and ever since a reasonable number of students pass the Mysore Lower Secondary Examination every year. Further, many have visited the school and have left good remarks, an extract copy of which I herewith enclose for kind perusal.

Thus it may kindly be seen that

I have

I have sacrificed myself for the good of the school and am still doing so. Further, I feel confident that, over all the fact that the Board are pleased to give the school an additional aid of Rs 23/ will not fail to plead for me and to request a kind appreciation of my humble services.

Formerly, there were only the Government Deputy Inspector and the Education Secretary or the Inspector General of Education to look after the good condition of schools, whereas now, there are, in addition, the Municipal Inspector of Schools, the Municipal School Standing Committee, and the Municipal Commissioners in general, and I am at a loss to know whether there is anything left for a separate and special Committee to the school to do. Besides, the Board have not given any reasons for their proposing a Committee to the school; and that too when they are satisfied that everything goes right.

Therefore, I most respectfully beg to request that your honor will be so kind as to consider my humble relations and services to the school and to confirm the said resolution of the Board without the imposed condition of forming a Committee to the school.

For which act of kindness and  
Charity.

kindly - I shall ever pray for your  
honors long life and prosperity

Notwithstanding this hardship, the school appears to be well managed - - - - - It deserves encouragement for the success already attained as well as for the self-sacrificing devotion of its Head Master. I would heartily recommend for a Government grant.

From the remarks of

 he does with unselfish devotion, for  
 the accounts show that after paying all  
 the charges which are indispensable in  
 the interest of the institution, he will find  
 a small and fluctuating balance on hand  
 to pay himself with, or nothing at all

To

The Secretary to the Government  
of Mysore  
Revenue and General Department  
Bangalore

Sir,  
Having learned that while furnishing an answer to your honor's docket No 12209 L F 202-93 dated 24-1-02 requiring to report under what circumstances the Municipal Board have recommended an additional grant to Dalroy's Anglo-Sanskrit School, Mysore, the School Committee of the Mysore City Municipality have resolved that no funds are available,

I the undersigned, K. Koushika Rao, Head Master, Dalroy's Anglo-Sanskrit School, Mysore, most respectfully beg to state that I began praying for an additional grant to my School as long ago as 1893 whenever I put in an application, the Board used to call for a report in details about the progress of the School that done,

They

They used to ask for some other information. That also given, they used to pity the School simply for receiving a small aid and to keep quiet. As for my part I used to wait anxiously for months together, and being disappointed at last, used to renew my prayer. Such things went on for some years, when the Board branched out and formed a School Committee with Mr. J. W. W., the Principal of the Brahma Raja's College, Mysore, at the head. The question of an additional grant to my school was again brought before the Board, and it was referred to the Committee. The Committee took afresh a lot of information and sat almost every day for 2 or 3 months, during which period they viewed the School from several standpoints and in comparison with other City schools and all the while found it eligible for the additional grant prayed for. When, at last, the Committee were going to resolve that the Municipal grant to my school be raised from Rs 12/- to Rs 35/-, and when, this time, it was impossible to make them overlook the school's

the school's necessity and clamor for a higher grant - and to make them only pay the Institution as usual, there sprang the conditional clause. "provided that the school be placed under the management of a Committee &c" The members were already tired with almost every day sitting and could no longer wait to discuss upon the necessity of the condition. The Resolution came up to the Board which consists of the members of the said School Committee and a few others and got adopted. Then I addressed your honor as in my No 53 dated 19<sup>th</sup> April 1901, and the Deputy Commissioner was kind enough to recommend that the additional grant resolved may be sanctioned without the condition imposed unnecessarily.

In the meanwhile, the Municipal Vice President - was transferred elsewhere and the old School Committee gave their seats to new members, one or two being excepted. When your honor's docket - was received in the Municipal Office here and was transferred to the new School Committee,

I think

I think that there was a sort of confusion; for while the Committee sat with the Docket under reference, they resolved a "Re-distribution of grants," which the Docket does not ask for, and called for a report under the following heads:—

1. Present strength of the school
2. Average attendance during past 3 years.
3. Scale of fees
4. Teachers and qualification
5. Income and expenditure.
6. Number of benches, chairs, and other things in the school.

Yc. Yc.

Even allowing the Re-distribution of grants, I was at a loss to know what relation there could be between the said re-distribution and some of the information sought. I however sent in a statement and asked whether the Committee required this information in order to furnish an answer to your honor's Docket. I do not know what other circumstances there were, the Committee met again, dropped the question of Re-distribution and resolved that there are no funds to give the additional grant to my school.

I am sorry

27

I am sorry that Mr J. W. was, the old President of the School Committee had resigned his post and that the new Committee had an occasion to consider the Docket under reference as if it were my fresh application for an additional grant. Thereupon I requested the Vice President to favour me with a copy of the record in connection with the subject, but he refused to comply with my request. I think that the Deputy Commissioner's recommendation that the additional grant resolved may be sanctioned unconditionally was rather against the intentions of some of the members and that they were asked a second time furnished them an opportunity to do what they were obliged to yield some time ago; for, if otherwise I do not know what sound reasons there are to deny me what I was once given, all the circumstances remaining unchanged.

I therefore beg to appeal to your honor and to request respectfully  
that

That your honor will be so good  
as to call for all the records in  
original of the old School Committee  
and to see kindly that they had  
reasons to recommend an  
additional grant to my school.  
I further beg to place my humble  
application No 5-3 dated 19<sup>th</sup> April  
1901 with the Deputy Commissioner's  
recommendations on it for your  
honor's kind consideration for  
a second time, and I humbly  
pray that your honor will  
condescend to see that it is  
only the interest of a public  
institution that I am struggling  
for, for the last so many years,  
and to sanction the said additional  
grant of Rs 23/- at an early  
date.

For which act of kindness  
I shall ever pray for your  
honor's long life and  
prosperity.

I beg to remain

From

To  
The Secretary  
to the Government of Mysore  
Revenue and General Department  
Bangalore

Sir,

I the undersigned in Moolana Rao,  
Headmaster of the above-named school,  
most respectfully beg to state that on  
the 12<sup>th</sup> May 1902 I submitted an appli-  
cation No 67 showing the injustice the  
Municipal School Committee have done  
to my school, and praying that your  
honor will be good enough to look into  
the recommendation of the Deputy Commissioner  
and to sanction, at an early date, the  
additional Municipal grant of Rs 23/-  
therein referred to but did not receive  
any orders up to date.

In the meanwhile, I learn that there  
was an application for a grant-in-aid  
from the newly-established Dumb School  
in Mysore, and the Municipal Board  
immediately voted a grant of Rs 30/-,  
although just before a fortnight or so  
I was informed that funds were short  
to give me the additional aid of Rs 23/-  
which was decided upon long ago I

not know what caused the funds to  
disappear were looked into to give  
an additional aid to my long-established  
and hardworking school, and to appear  
readily when looked into to give a new and  
larger grant to the recently-established  
Dumb School. I think that some Rs 30/-  
or Rs 32/- were available out of the  
Education funds and that while, for the  
reasons quoted in my application &  
referred to above, they denied it to me,  
they thought it would justify the denial  
if the amount is spent elsewhere, and  
that your honor's docket for an additional  
information about my school stood  
unanswered helped them in this to back  
me up in my thinking, the said docket  
1 about my school yet remains in the  
Municipal Office, while the recommendation  
about the Dumb School has gone up  
to your honor for a second time. However,  
your honor will be good enough to see  
that of the two schools that must draw  
your honor's attention, it is my school  
that they first recommended and that  
as much as Rs 23/- of the available sum  
under Education the Dumb School has  
no claimers upon therefore. I beg to  
add that the Dumb School being a  
special Institution, and the only one of  
its kind in the whole Province, if I am  
not wrong, the government may be in

special funds, if no aid can be given  
it from Regular funds

I therefore most respectfully pray  
that your honor will be good enough  
to take the case of my poor school into  
your honor's first and early consideration  
and to obtain the Government sanction  
of the said additional grant of Rs 23/-  
from the Municipal funds.

For which act of kindness I shall  
ever remain grateful

I beg to remain, Sir  
Your honor's most  
obedient servant

Sir,

Adverting to your <sup>✓</sup> no  $\frac{12209}{27202-93}$  dated  
24-1-1902 and subsequent reminder  
requesting to report why the grant-  
in-aid to the Dulvoy Anglo Sanskrit  
School is proposed by the Board  
to be raised from 12 to 35 rupees  
when the finances of the Municipality  
are not in a very satisfactory condi-  
tion, I have the honor to state that  
the subject was referred to the  
Sub Committee for report

The Committee in their meeting  
held

held on the 17<sup>th</sup> April 1902 resolved to recommend that the proposed increase to the grant-in-aid of the Dalvoy Anglo Sanskrit school be held in abeyance on the ground that funds were not available. On the representation of the Head Master of the school, they resolved in their meeting of 8<sup>th</sup> October 1902 that the increase recommended for the Dalvoy Sanskrit school is not large. Considering the useful purpose served by the school and that the recommendation made to the increase in the grant-in-aid being within the original Budget allotment may be sanctioned without affecting the finance of the Municipality. In this office N 2 1043 dated 25<sup>th</sup> June 1902 the recommendation of the Board to make a grant-in-aid of Rs 30 per month to the school for the Deaf Dumb and Blind in Mysore was submitted. Final orders of Govern-

(21)

Government on this subject ~~has~~  
not as yet been received In the  
sanctioned Budget for this year  
there is a provision of Rs 9000 un-  
head 'education' The grant is  
and now being paid to the school  
in the City amounts to Rs 716 1/2  
month There will thus be a  
savings of Rs 408 at the close of  
the year If the proposed  
grant-in-aid to the schools  
above mentioned be sanctioned  
by Government from 1<sup>st</sup> Janua-  
ry 1902 there will still be a  
savings of Rs 60 Out of this sa-  
vings it is proposed to make  
the grant-in-aid of Rs 4 per  
month to the Hannada school  
at Barr Lines and of Rs 5 per  
month to the Hindustani  
school

resolution of the Board on  
the subject and the copies

5<sup>th</sup> October 1902

(31)

To,

Mr. SrinivasA Rao Esquire  
Vice President, Municipal Board  
Mysore

Sir,

With reference to your letter No 245 dated 3<sup>rd</sup> October 1902 requiring a reply to the memo of the President dated 27<sup>th</sup> September 1902 I have the honour to inform you that the school in reference to has been, during its existence for the last 13 years, doing good work with an ill-paid staff of 9 teachers. The Head Master in one of his letters to the Committee, proposed to increase the Establishment Charges to Rs 150 a month so as to encourage the deserving teachers and requested for a Municipal Grant of 500 a month.

The Committee, after considering his claims fully resolved to increase the grant

9. from Rs 12 to 35 a month so that the total amount of grant-in-aid both from the Municipal funds (Rs 35) and from the Provincial Funds (Rs 40) may not exceed half the Establishment Charges. This recommendation was made on the understanding that the Board and the Government might approve of the diversion of the pial school fund to aid organised schools inasmuch as there was not a demand for the expenditure of the whole amount for pial schools and inasmuch as the organised schools stood in absolute need of aid to make them serve a useful purpose. The full amount of Rs 9696 allotted in the Original Educational Budget may be available of and the grant under reference may be given to the school out of it. The

(35)

The recommendation for this additional grant is within the allotment made for Educational purposes and is justified by the needs of the school which turns out better results than some schools receiving higher grants

I am therefore of opinion that the increase recommended for the Calvary Anglo-Sanskrit school is not large considering the useful purpose served by the school and that the recommendation made, being within the original budget allotment, may, I think, be sanctioned without affecting the finances of the Municipality. If the original budget estimate is restored, the Board can, not only aid this organized school but also other organized and private schools to some extent
